DPPC Minutes – 05.08.2010

Agenda:

1. To discuss about the second semester course drop cases.

The following four M.Tech students have dropped ME-670: Advanced computational fluid dynamics elective course during Jan-April 2010 session (after appearing mid-semester) due to difficulties in studying the course.

1. Mantulal Basumatary (R.No: 09410352)
2. Ranjit V (R.No. 09410343)
3. Shyamkumar PI (R.No.09410334)
4. Sachidanada Behera (R.No. 09410349)

The above mentioned four students submitted a request for registering one elective course during the current semester (July-Nov. 2010) to DPPC.

DPPC has carefully reviewed the requests made by these students. DPPC noted that dropping a course during semester is not permitted and all the theory courses should be completed within two semesters (before starting the project work).

Since, this incident has been reported for the first time in ME department, DPPC felt that they may be allowed to register one elective course during this semester along with a compulsory audit course according to their choice as a punitive action and this should not be cited as a precedence in future.

Further, it is also decided that the placement cell will be informed to the fact that these students have one theory course pending is to be completed in 3rd semester (July-Nov. 2010).
